This is a fact: For a couple of years Aaron Rodgers, elite NFL quarterback, has helped his neighbors out by BABYSITTING their children so they can have a free night from time to time! This is a well-known story in Green Bay, a small community, but most of the NFL doesn't know what a down-to-earth this super-talented man really is! Does any other QB in the league volunteer to watch his neighbors kids so they can have a night out? Anyone? (sound of crickets chirping)
